

*Food & Water Watch,
Sierra Club Angeles Chapter
and The River Project invite you to*

The Future of Water and Water Rates in Los Angeles

Where will it come from and will we be able to afford it?

**How can we hold LADWP accountable
to ensure we are getting value for our money?**

FEATURING

Mark Gold, Associate Director, Institute of the Environment and Sustainability at UCLA

Melanie Winter, Executive Director, The River Project

Maral Sarkissian, San Fernando Valley Groundwater Remediation Project, LADWP

Conner Everts, Executive Director, Southern California Watershed Alliance

Alex Nagy, Southern California Organizer, Food & Water Watch

*Forum discussion will be followed by a tour of the Woodman Avenue median
groundwater capture project and water resilient neighborhood retrofits.*
