To whom it may concern,

The San Fernando Valley Community Mental Health Center, Inc. founded in 1970, is a private, non-profit agency dedicated to improving the mental health of individuals and families within the community. Primary emphasis is placed on providing culturally sensitive and linguistically relevant services to infants, toddlers, children, adolescents and transitional age youth with serious emotional disorders, and services for adults and older adults with severe and persistent mental illness. The Center is committed to treating all consumers with dignity and enhancing their quality of life.

Through its programs and services, the San Fernando Valley Community Mental Health Center, Inc. strives to:

- Facilitate and encourage the development of each consumer to his/her highest level of functioning and potential including vocational opportunities.
- Provide effective and culturally sensitive therapeutic services based on each consumer's individualized needs, strengths and choices.
- Maximize the involvement of consumers and family members in planning, evaluation and implementation of services.
- Provide a continuum of therapeutic programs that include appropriate alternatives to psychiatric hospitalization and effectively serve consumers in the least restrictive setting possible.
- Provide early intervention programs that serve to prevent the onset of mental illness or the development of more serious mental illness.
- Eliminate negative perceptions and increase awareness and understanding of mental illness.
- Promote the highest level of social inclusion and community integration for all persons served.
- Provide education on current issues and problems in the community to citizens and community agencies.

The Center is quite proud of our achievements. We have received numerous awards from local and state legislators who recognize the outstanding work we do here at the Center. Over 90% of every dollar donated goes directly to programs and services.

To whom it may concern,

This letter is to confirm that Wendy Molina has been working with our Non-Profit since March 12, 2012. She was a part of the commencement of one of our successful programs AB 109 which deals with post incarcerated individuals with mental health disabilities. She was also a part of The Los Angeles County Third District Diversion (50) and Alternative Sentencing Pilot Program, where she was able to help the program start its journey to a non-pilot program. She now is working with our HUD-VASH program where she is able to work with our homeless veterans and directly with the Liaison to the VA. She has been helpful in creating ideas to make the program successful. Wendy has been able to show the agency how she has been adaptable to any task and her willingness to help the clients within our community. She travels to our cornerstone building which is located in the city of Van Nuys part time to help with our program.

Please do not hesitate to contact me if you have any questions.
