d. The VNNC to feature Rev. K. W. Tulloss of the Los Angeles Chapter of the National Action Network in it's ongoing "Distinguished Speaker Series." The Reverend will address the Council for 15 minutes, with a question and answer session to follow up the speech. The VNNC will also take 5 minutes to brain storm with the Reverend and come up with four new ways to collaborate with his organization in 2018.

e. Council to vote on designating the boundaries of the Van Nuys Neighborhood Council a "Sancatuary City." Council to act in several ways, including sending a "Memorandum Of Understanding" letter to all levels of law enforcement from the local to the federal level. The Van Nuys Neighborhood Council to host an Immigration Forum to discuss current status of living and working in the United States. The VNNC to also request Consul General Offices of Mexico, El Salvador, Guatemala, Peru and Nigeria move to Van Nuys.

f. The Council to vote on making Van Nuys a 100% clean energy city. Across the nation, people in both red states and blue states are realizing that modernizing our cities with 100% clean and renewable energy will help create jobs and boost local economies. Cities like Aspen, CO, Greensburg, KS, and Burlington, VT, have already achieved 100% clean energy. And internationally, Vancouver, Paris, and Sydney are also going all-in on clean energy. A recent economic study estimated that a transition to clean energy will add 1 million jobs in the U.S. by 2030 and increase household disposable income by \$350-\$400 in 2030 and by as much as \$650 in 2050. The renewable energy sector is booming. Wind and solar prices have rapidly declined in the past five years, and the solar industry is one of the fastest growing sectors of the US economy. Poll after poll shows that a majority of Americans support renewable energy. In a recent national survey of U.S. adults paid for by the Sierra Club, a whopping 83 percent of respondents said they support a goal of 100% clean energy. With cities like Paris and San Diego leading the way, it's time for our city to step up to the plate. We too deserve clean air, good jobs, and strong leadership. I'm ready for Van Nuys and our community to go 100% clean energy! Council to submit a Community Impact Statement.

g. The VNNC to file the following Community Impact Statement language. "We support consumer rights to product safety, financial privacy, and regulation of public goods. We support policies that help workers balance work and family lives. We are unflinchingly devoted to the protection of civil rights and liberties, and abhor discrimination in all its forms. We are committed to ensuring that all Californians live healthy and safe lives that allow them to spend time with their families and friends and be an active part of their communities." Council to submit a Community Impact Statement.

h. The VNNC to discuss and debate making Cesar Chavez Day a National Holiday. The VNNC to formally grasp in a government understanding the overwhelming complexity in how one goes about making a "National Holiday" a reality. The VNNC to support it's immigrant and Spanish speaking community by backing those people that came before us and created rights in America that were not there at the time, people like Cesar Chavez who protested in a non-violent fashion. The VNNC to submit a Community Impact Statement (CIS) in regards to this issue.

i. The VNNC to create a "City Health Exchange Department" to give health coverage to all of the people of Van Nuys. The VNNC to work in conjunction with Valley Presbyterian Hospital in making this happen. The VNNC to also co-host and sponsor the "Health Fair" in October where we support and screen as many constituents as possible. The VNNC to financially support this event and endeavor. (NTE \$5000)

j. The VNNC to undertake the formal process of remodeling the pergola in front of the LAPD station. The VNNC to design office space for the Council, as well as a replica of the White House Cabinet Room and Oval Office which would be life size and be used as a museum of sorts. This item shall be discussed at the PLUM Committee with official Memo and graphics.

k. The VNNC to submit another 15 Community Impact Statements to continue dominating the NC scene. The VNNC to be #1 in every category there is, including the number of CIS reports sent to City Hall. The VNNC to use the exact language in regards to the following Community Impact Statements, with considerations for the following Boards/Commissions. (See Below) The VNNC to reach out and establish a working relationship with the following Boards/Commissions The VNNC to elect and/or appoint a liaison to be the main contact person between the VNNC and the aforementioned Board/Commission. The VNNC to invite the Chair of the aforementioned Board/Commission to participate in our "Distinguished Speakers Series." The VNNC to come up with and address three issues the Board/Commission and the VNNC can collaborate on for the betterment of the community. The VNNC to submit a Community Impact Statement to the Board/Commission in regards to the actions established on this agenda item at our Council Meeting.

l. The VNNC to establish the “Official Van Nuys Fossil.” The VNNC also to establish the “Official Van Nuys Tall Ship,” as well as the “Official Van Nuys Fife & Drum Band.”

m. Presentation and discussion of the website by Quirino de la Cuesta with ideas and brainstorming. The website administrators also to discuss TABS for the PLUM Committee as well as wire framing. What is wire framing, and how can it help the VNNC better represent the community.

n. The VNNC to Establish Standing Rules. The VNNC to adopt all the same standing rules of the Studio City Neighborhood Council. The VNNC to vote and discuss adopting the SCNC standing rules. The VNNC also to consider referring this item to the Government Rules & By-Laws Committee and the Legislative Information Committee (LIC) for formal consideration. The two committees to have a joint committee meeting and discuss all standing rules. The VNNC committees to establish a few standard standing rules and submit these rules to the full board for consideration.

o. The VNNC to submit a Community Impact Statement in regards to Council File #16-0298. The Board of Neighborhood Commissioners has advised that since the first neighborhood councils were certified fourteen years ago they have often struggled to acquire office space and find locations for their board and committee meetings. The Board also advises that neighborhood councils have been spending nearly \$200,000 yearly for office space and meeting locations. This amount includes money paid to other government agencies including Metrolink and LAUSD. One neighborhood council without an office and limited meeting space reportedly holds its committee meetings in its rented storage unit. The Board further advises that neighborhood councils as members of the City family should be able to use shared City space for offices and meetings; and that the public funds for rental of office / meeting space can be better used for outreach and other matters within neighborhood councils’ jurisdiction. The Board indicates that there are many public buildings throughout the City, but information about surplus space or whether they are used in the evenings when neighborhood councils generally hold their meetings seems difficult to obtain; but that neighborhood councils as Charter created City entities should have priority to use available public space. To this end, at its December 1, 2015 meeting the Board of Neighborhood Commissioners acted to request that the City Council explore the feasibility of providing neighborhood councils with priority in the use of shared space at City facilities for board and committee meetings and office space where available.

p. The VNNC to discuss and debate the expansion of the Public Storage facility on the corner of Sepulveda Blvd. and Oxnard Blvd. The VNNC to address the plans to expand the facility, as well as taking a position on the any changes it may have to the project. The VNNC to submit a Community Impact Statement (CIS) in regards to this issue.

q. The VNNC to address the intricacies of agenda writing, with format and language getting the lion’s share of the focus. The VNNC hopes the Department would assist the VNNC in drafting VNNC’s Board agenda for ease of reading.

r. Are all the Committee Chairs clear on their roles and responsibilities?

s. Is everyone now clear on VNNC’s Bylaws?

8. Public Comment (On matters within the VNNC Board’s Jurisdiction.) *Speaker Cards: 2 minutes, 1 Public Comment Time. (This includes speaker cards on any and all agenda items -- a limit of 10 minutes for the entire meeting per Stakeholders and Councilmembers alike)

9. Announcements

10. Adjournment

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS – The public is requested to fill out a “Speaker Card” to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered.
