resources or policy changes that may be needed to expect the speed resumption of local film and television production. The report is due back in 15 days, and we intend to act on the recommendations we received. With the time it takes to get permits, it can be the most significant determinant of producers' decision to shoot in Los Angeles or take their productions and their jobs elsewhere. However, the Council intends to keep these jobs here in Los Angeles. Because of copper wire theft, the City Attorney is sending letters to over 600 recycling centers to inform them that the LAPD will be inspecting the facilities. Winter Wonderland will be held from 4:00PM to 8:00PM.

- b. Discussion and possible action to approve submission of a CIS to Council File 21-1230 regarding rezoning proposed under the City’s Housing Element, with language similar to the following motion suggested by VANC, Valley Alliance of Neighborhood Councils: The Housing Element and Community Plan Updates have plenty of zoning opportunities in commercial corridors, public lands and through Adaptive Reuse to meet state mandates. There is no need to rezone, through overlays or other zoning devices, R1 zones or sensitive, rent stabilized multi-family housing. The Van Nuys Neighborhood Council opposes the Housing Element’s proposed rezoning and densification of R1 and multi- family neighborhoods beyond what SB9 and ADU laws allow.

Brief background: <https://vnnc.org/wp-content/uploads/2023/10/Issues-related-to-Housing-Element-Lake-Balboa-Handout-.pdf>

Key Facts: The State Regional Housing Needs Assessment (RHNA) target for the periods 2021-2029 mandates that **LA must zone for 486,379 housing units**. Current zoning provides for 230,964 housing units. **Rezoning must allow for an additional 255,000 housing units by 2029**. The current Housing Element has provided for rezoning for **1,400,000 housing units – OVER 5 TIMES THE MANDATE**.
