Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting.

A reminder to those attending: during Public Comment, you may hear colorful language that some might find offensive. The Van Nuys Neighborhood Council has no ability to control or regulate the content of speech that is protected under the 1st Amendment.

Public comment is limited to a maximum of 2 minutes per speaker per item with a maximum of 10 minutes total per meeting, unless adjusted by the presiding officer of the Board. **Actual time for each comment will be recorded in 30 second increments (i.e., 30 sec., 1 min., 90 sec., 2 min.).**

Stakeholders are asked to respect the timekeeper when you are alerted that your time has expired.

Van Nuys Neighborhood Council Boardmembers are reminded not to cut off, interrupt, or otherwise engage with Stakeholders during their allotted time for Public Comment.

Speakers shall limit their comments to matters relevant to the item on the agenda. The Chair may rule that the speaker is out of order if the comments are not germane to the item under consideration.

Speakers shall direct their comments to the Board (not to an individual).

Stakeholders are welcome to offer comments -- both during General Public Comment and Public Comments on specific agenda items -- but the Van Nuys Neighborhood Council requests that Stakeholders do not disrupt the meeting for other Stakeholders in attendance. We ask that Stakeholders refrain from calling out or participating in behavior that would disrupt the Board Meeting of the Van Nuys Neighborhood Council. Stakeholders will be given an initial warning. There may be two additional warnings before the stakeholder is asked to leave the meeting due to disruptions of the meeting.

All public comments must be made into the microphone at the lectern to facilitate the capture of a clear recording of the meeting.

Key requests from this Council Motion are shown in the box below:

I THEREFORE MOVE that the Board of Neighborhood Commissioners, with assistance of the Department of Neighborhood Empowerment, the Youth Development Department and the City Clerk, be requested to provide recommendations on potential methods and options to amend the Neighborhood Council Bylaws (Bylaws) to ensure youth participation in Neighborhood Councils including the designation of a youth seat on each Neighborhood Council board to increase diversity and allow for leadership growth;

I FURTHER MOVE the Board of Neighborhood Commissioners, with assistance of the Department of Neighborhood Empowerment and the City Attorney, be requested to report to the Council on potential options to amend the Bylaws to include term limits for Neighborhood Council board members in order to facilitate greater member participation and leadership development.

Suggested key points to be included in the CIS.

- Oppose Council mandate regarding youth membership on Neighborhood Councils and imposition of term limits.
- Each Neighborhood Council should be able to determine the composition of Board seats to represent the community. While the Van Nuys Neighborhood Council does include a Youth Representative in its bylaws, we acknowledge the difficulty of filling this seat because of the time commitments to serve on the Board and the many demands on the time of the high school age students who would qualify to fill the seat.
- The City Charter gives Neighborhood Councils the responsibility for establishing through bylaws whether to have 2 or 4 year terms per seat and whether to establish term limits for Board positions.
- There is no evidence that long-term Board members are causing a problem for Neighborhood Councils. Most Neighborhood Councils, Van Nuys included, experience quite a bit of turnover of Board members – including members who do not even serve their initial 4-year term due to various life circumstances, such as change of job, health challenges, family obligations, etc. Having some stable and experienced Board members is useful for a Board and can help with meeting quorum.

12. Update on unresolved topic.

- a. Need to delay vote on SB 411 meeting option until can get 14 Board Members available to attend a meeting.

13. Announcements and identification of topics Board members would like to discuss at a future meeting.

14. Adjournment

THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Neighborhood Council Board Member Oath

I pledge to represent my neighborhood with dignity, integrity, and pride.

I will encourage other points of view, even when they differ from my own.

I will respect, value, and consider everyone's opinion.

I will find the good in my neighborhood and praise it and promote it.

To my neighbors, and to neighborhoods throughout the City of Los Angeles, I
pledge to do this to the best of my ability.

RE: Public Art Proposal for the Van Nuys Civic Center – “Wind Sculptural Installation”

Dear Councilmember Padilla,

The Van Nuys Neighborhood Council is excited to share our enthusiastic support for bringing public art to our community. Through our Planning and Land Use Committee (PLUM) meetings, we have engaged in meaningful discussions with Ms. Ayndrea Wilson of the California Artist Coalition of Los Angeles (CACLA) regarding a proposed public art project for the Van Nuys Civic Center.

On November 13, 2024, during our general board meeting, Ms. Wilson presented an inspiring proposal featuring the work of renowned visual artist Mr. Paul Chilkov. His envisioned “Wind Sculptural Installation” would be a transformative addition to the grounds of the Van Nuys Civic Center. The board and community members expressed strong enthusiasm and support for this project, recognizing its potential to celebrate creativity and foster pride in Van Nuys.

The Van Nuys Neighborhood Council firmly believes in the power of the creative arts as a catalyst for economic revitalization, community engagement, and cultural enrichment. Public art can reimagine and redefine our neighborhood, serving as a beacon of inspiration and drawing businesses and visitors to the area.

We also have full confidence in the expertise of CACLA, under the leadership of Ms. Wilson, to bring this vision to life. Ms. Wilson has demonstrated a deep understanding of managing public art initiatives and highlighted how the 1% Art Development Fee could be utilized effectively for this project. Her guidance ensures that Van Nuys will benefit from thoughtful and impactful public art installations.

We respectfully urge you and your office to support this initiative and work with CACLA to bring Mr. Chilkov’s “Wind Sculptural Installation” to the Van Nuys Civic Center. This project represents a unique opportunity to enhance our community’s vibrancy and cultural identity. Thank you for your leadership and for considering this vital proposal for the future of Van Nuys.

Sincerely,

Kathy Schreiner

President

Van Nuys Neighborhood Council

Greg Gastelum

Senior Executive Officer/Project Manager, Program Management, Metro

Cc: Jesse Leon, Community Leadership Council Manager

Lisa Karwoski, Deputy Project Manager, Design

Councilmember Imelda Padilla

City Council District 6

Cc: Andres Sandoval, District Director, and Lamont Cobb, Director of Planning and Land Use

At the meeting of the Community Leadership Council for Metro's ESFV Light Rail Project on October 24th, Lisa Karwoski, Deputy Project Manager, Design, made a presentation on the plan for replacing all of the street trees along Van Nuys Blvd. from the G Line north to San Fernando Road when the Light Rail Line is constructed (due for completion in 2031). It was explained that Metro has determined that all of the sidewalks along the 7 miles of Phase I of the ESFV Light Rail Line will be replaced and that over 500 street trees that currently line Van Nuys Blvd. will need to be removed. Unless Metro can be persuaded to try to preserve some of the current mature shade trees, there will be over 1000 replacement trees planted – some on cross streets and other streets close to Van Nuys Blvd.

The Van Nuys Neighborhood Council (VNNC) is in favor of having the new trees selected from diverse varieties of California native trees. There are many advantages to planting native trees that are adapted to the climate of the SFV, including the fact that such trees need minimal watering (once the new trees have been established) and minimal fertilizer because they evolved to be a good match with the local climate. In addition, native trees support local biodiversity and provide a home for native birds and insects (such as butterflies).

The VNNC understands that there is a need to advocate with City officials to expand the list of California native trees that are approved to be planted as street trees. We support the efforts of VNNC President Kathy Schreiner (who is also a member of the ESFV Light Rail Community Leadership Council) to coordinate with Council District 6, the Neighborhood Council Sustainability Alliance, and the Community Forest Advisory Commission to advocate with the Mayor's Office and appropriate City staff (including the Urban Forestry Division and the Bureau of Street Services) to approve more species of native trees to be planted as street trees.

Sincerely,

Kathy Schreiner, President

Van Nuys Neighborhood Council

COMMUNITY IMPACT STATEMENT ON COUNCIL FILE 24-0867

On December 11, 2024, the Van Nuys Neighborhood Council voted __ yes, __ no, __ abstain to oppose the motion in Council File 24-0867 that proposes that the Council require each Neighborhood Council to have at least one youth member and to have term limits.

We believe that each Neighborhood Council should be able to determine the composition of Board seats to best represent the community. While the Van Nuys Neighborhood Council does include a Youth Representative in its bylaws, we acknowledge the difficulty of filling this seat because of the time commitment involved in serving on the Board and the many demands on the time of the high school age students who would qualify to fill the seat.

The City Charter gives Neighborhood Councils the responsibility for establishing through bylaws whether to have 2 or 4 year terms per seat and whether to establish term limits for Board positions. We do not believe that the City Council should be involved in mandates regarding the composition of individual Neighborhood Councils.

There is no evidence that long-term Board members are causing a problem for Neighborhood Councils. Most Neighborhood Councils, Van Nuys included, experience quite a bit of turnover of Board members – including members who do not even serve their initial 4-year term due to various life circumstances, such as change of job, health challenges, family obligations, etc. Having some stable and experienced Board members is useful for a Board and can help with meeting quorum.
